 - Helpers

It's All About You !

Topic Overview

During this topic the children will learn all about themselves and the parts of the body. They will also learn about the 5 senses and which parts of the body they are associated with. They will also share information about their families and things that are important to them.

Focus subjects

Science- Senses (hearing, sight, taste, smell and touch) and parts of the body.

Art - Using a range of mediums, the children will be creating pictures of themselves and their families.

Literacy- Writing sentences and talking about themselves and their family.

Hook

The hook for this topic is our visit to Build-A-Bear!

Trips

Our trip is to Build-A-Bear!

15P—Thursday 14th September (9 - 11)

1A1— Thursday 14th September (10 - 12)

11C— Friday 15th September (9 - 11)

The children will have fun choosing and designing a class bear which will become the "class mascot." Each child will have a chance to take the class bear home for a weekend and to share stories from the weekend with the class.

We will need some helpers to walk down to Build a Bear. If you are able to help, please let your child's class teacher know!

Costs

The cost of this trip is combined with next half term's trip (more details to follow)

The cost of both trips combined is £6. Please make this payment via WisePay. Many thanks!

Outcome

Thursday 19th October
@ 2.40pm

The children will be attending a "Sensory Workshop" that you are invited to attend. This will include games that involve using your senses and will also be an opportunity to look at your child's work.

Spellings

Children will be given spelling weekly. New spellings and tests will take place on Friday. These will begin Friday 22nd September (with the first test on Friday 29th) and will link to your child's phonics. Please help them to practise these spellings at home.
