Thursday 23rd May

Dear Parents/carers,

Thank you for your support with making eco bricks from single use non-recyclable plastics. We currently have 46 eco bricks which meet the criteria in terms of contents and weight. These will be used to build a planter for the school grounds.

Unfortunately, many have come in to school, underweight and therefore too weak for us to use. I have tried hard to rectify those bottles but this is very time consuming.

As of 3rd June, we will no longer be collecting eco bricks. If you would like to continue at home, please see <https://www.ecobricks.org> for details of local projects and collection points.

To replace this and to continue to educate our children about the importance of recycling, we will be starting to collect crisp packets.

We will have a collection point in the front entrance as well as in the lunch hall.

CRISP packets need to be empty and flat.

Further information can be found at <https://www.walkers.co.uk/recycle>

Don't forget, we also collect batteries and ink cartridges for recycling.

Thank you for your continued support.

Sarah Melbourne

*use the back of this letter for your child's spelling practise and then please recycle it.
